

13. Young Scientists' Retreat

Basic and translational research in Dermato-oncology

8–9 September 2026 | Dermatology Clinic, University Hospital Leipzig

Are you conducting research on a dermatological oncology topic – in the clinic or in the laboratory?

If so, the ADO Young Scientists' Retreat is your opportunity to present your project, network, and gain new inspiration for your career!

Who can participate?

Early career researchers (in medicine or natural sciences) whose research focuses on topics related to dermatological oncology.

What can you expect?

- ✓ Short presentation of your project or project plan (8–10 min. plus discussion)
- ✓ Exchange on equal terms with experts and other young researchers
- ✓ Insights into current developments in dermatological oncology
- ✓ Scientific keynote lectures and opportunities for networking
- ✓ Optional: Present your work as an eposter at the 36th German Skin Cancer Congress in the Congress Hall at Leipzig Zoo (9–12 September)

Costs? None!

ADO covers:

- ✓ Travel (DB ticket, 2nd class)
- ✓ 2 nights in a hotel
- ✓ Participation fees and catering for the retreat
- ✓ Congress fee if you attend the congress afterwards

Apply now – here's how:

1. Scan QR code
2. Fill in the form and download the abstract template
3. Send your abstract with your project or work plan to ado@conventus.de by 30 June

There are only 16 places available – if demand is high, a selection committee will decide.

Questions? Feel free to write to us, speak to your local team, or visit here:
